

ROUTE MAP TO CHOOSING THE RIGHT PENSION OPTION FOR YOUR RETIREMENT

STEP 1

Consider how much you need in cash. (You may want to keep this small to increase your monthly pension). You are permitted to cash the full amount.

STEP 2

Now you must plan how to get an income from your savings.
Pick your pension:

LIFE ANNUITY

LIVING ANNUITY

If you choose a **LIFE ANNUITY** you will be paid a "salary" for life, even if you live for a very long time

If you invest in a **LIVING ANNUITY** you will have to decide how much to spend each year. It's flexible, but you may run out of money.
